DETAILED ACTION

New grounds of rejection are contained within this Office Action. Accordingly this action has been made Non-Final.

Election/Restrictions

1. Applicant's election without traverse of Invention I in the reply filed on 5/14/07 is acknowledged. Accordingly, claims 14 – 19 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected Invention, there being no allowable generic or linking claim.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 8 – 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regard to claim 8, it is unclear if the limitations found within the parentheses are intended to be part of the claimed invention. Additionally, each of the variable in the equation $mC^2=L$ are set forth in the claim except "C". It is unclear what is intended to be encompassed by the variable "C".

Allowable Subject Matter

4. Claims 8 - 13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
